

CertainTeed Roofing

Top five reasons why professional roofing contractors are confident in the performance of CertainTeed products.

1

Proven Protection: CertainTeed has more than twenty five years of field experience and proven results from our fiberglass shingles.

2

Superior Design: Our Landmark products are heavier by design than our major competitors' products. We believe that additional shingle weight translates to greater durability.

3

Third-Party Verification (Unique to CertainTeed)

- Underwriters Laboratory independently verifies that ALL of our fiberglass products meet the quality standard of ASTM D3462 (tear strength, nail pull resistance and wind uplift).
- Underwriters Laboratory verifies that ALL of our products meet 150 mph ASTM D7158 Class H wind test.

4

Top Rated: A leading consumer magazine most recently rated Landmark as a **"BEST BUY"** for the second consecutive time. And CertainTeed products are consistently ranked #1 in building industry surveys.

5

Complete Coverage: CertainTeed's warranty protects against ANY manufacturing defects, which include aesthetic defects. Several manufacturers do not provide warranty coverage for aesthetics, but only cover defects that "adversely affect performance" or cause a leak.
